

CNC Machine Proposals Comparison Chart

REMEMBER TO:

- Read every word
- Ask questions about anything you don't understand
- Do not assume things will be included

	SECTIONS	PROPOSAL 1	PROPOSAL 2	PROPOSAL 3	PROPOSAL 4
BEFORE	Preparing Your Shop: Onsite survey prior to order? Help create a shop layout? Visit after installation?				
	Extra Proposal Details: Freight included? Additional options listed for consideration?				
DURING	Machine Integrity: How is accuracy tested? Are test cuts made? Can you visit & test once built?				
	Warranty: Warranty periods? Tech expenses included if used? After warranty plan options?				
AFTER	Installation & Training: Included and assigned? Details when installer is onsite? Criteria for proper training?				
	Technical Support: Technical support 24/7? Offer remote diagnostics? Repair parts readily available?
